100 Series Glove Leathers are the finest top grain cowhides available. The hides are smooth, sometimes exhibiting some natural texture; there is no artificial texturizing of the 100 series glove leathers. Soft and luxurious, the 100 series leathers look great on

contemporary as well as traditional albums. Saddle 119 and Topaz 120 are distressed leathers. They have a nap, show scrapes and digs and develop a patina over time. Select them with this in mind.

200 Series Leathers are top grain cowhides that have been textured with a pebble grain and / or antiqued. Top quality just like the 100 series glove leathers with the added flair of texture or antiquing.

300 Series Pastel Leathers are soft & smooth top grain cowhide leathers in subtle pastel shades.
